Receive Payments Faster

E-ASI Billing (pronounced “easy”) is an efficient and secure means of sending invoices electronically to your distributors. It enables you to bill the distributor for the exact order quantity and shipping charges, the very same day the order ships. The sooner the distributor receives the invoice, the faster they can bill the end-buyer and the faster you get paid.

Use E-ASI billing to:

- 🔑 Quickly send invoices the same day the order ships to distributors, allowing payment up to five days sooner
- 🔑 Reduce the time and money spent mailing paper invoices each month
- 🔑 Receive electronic acknowledgments, confirming invoice receipt by the distributor

E-ASI Billing

**Annual fee of \$199 and \$.30 for invoices received; may require additional set-up.
